It is a good idea to pack clothes needed on a daily basis in a zip lock bag to prevent them from getting wet. Use the one-gallon bags and label them for which day. If the boys want to rearrange what they wear, they can easily swapping the article with another one from another bag. The bags can then be used either to pack out trash, or to put soiled clothes in just to name a few ideas.

The above items are not the only items that you may need, please make additions as discussed during the preparation of the event at the Troop meeting.

You can use :

- Duffle Bag
- Backpack

to carry/store your items to this event.
